

KIRINYAGA UNIVERSITY

UNIVERSITY LIBRARY

Covid-19 Protocols

- Thorough and regular hand washing
- Users are strongly recommended to wear protective masks covering the mouth and nose
- Do not touch your face with your hands (danger of infection)
- Press buttons, doorknobs and door openers preferably with your elbow
- Ensuring compliance with physical distances (1.5 to 2 m)
- Users in all queues for library services will ensure the recommended physical distancing
- Mandatory temperature checks will be done on visitors coming into the University
- Those with abnormally high temperature will not be allowed in the University
- Count library users manually at the entrance door to determine how many are there.
- Group discussions in the library totally prohibited
- Restriction of the visits to the collection of pre-information materials or their return.
- Sending physical media to users
- No holding of events, incl. guided tours for classes
- Contactless user registration
- Door and windows to remain open throughout to maximize ventilation inside the library
- Posters with rules of behaviour and hygiene in designated places in the library
